**Duration:** Approximately 6 hours

**Pure walking time:** Approximately 4-4,5 hours.

**Route:** Approximately 11 kilometers

**Ascent:** Approximately 400 meters in altitude.

**Refreshment stops:** Possibility for refreshments after the tour.

**Booking:** No registration required – come to the specified meeting point at the given time; our ranger will wait for the bus and then start punctually.

**Description:** The tour begins at the Talwirt parking lot. After approximately 2 km, you reach the Ötzlsee. Up to that point, the hike follows the forest road. Right after that, you officially enter the Hohe Tauern National Park. The now narrow path runs parallel to the Schöderbach towards the valley end, thus deeper into the National Park. At the end of this trail lies the Schödersee – a unique mountain lake. Due to its natural underground drainage, it is also referred to as a periodic lake, which is filled with water only during the snowmelt and periods of heavy rainfall. The return journey follows the same route.
